11th INTERNATIONAL FORUM OF DASEINSANALYSIS

«Martin Heidegger's Impact on Psychotherapy»

2 – 4 June 2023, Hotel Zürichberg, Zurich, Switzerland

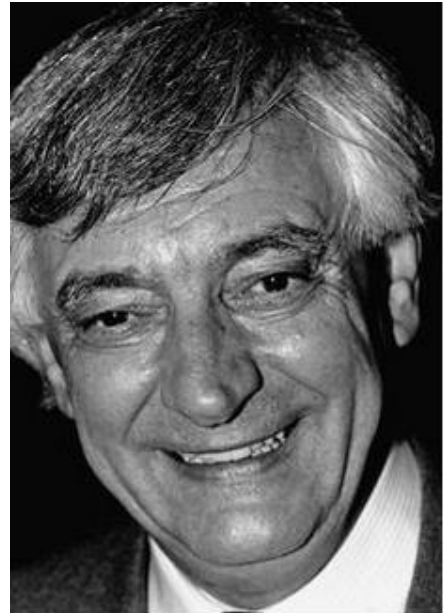

Welcome

Dear colleagues

It is a great pleasure for me to invite you to the 11th Forum of Daseinsanalysis from June 2nd to June 4th, 2023, in Zurich. Zurich is the largest city and the economic and cultural center of Switzerland.

Zurich is also the place of activity of many famous psychotherapists, the founding place of Daseinsanalysis and the International Federation of Daseinsanalysis, which was founded by Professor Gion Condrau in 1991.

In 1998 Gion Condrau published a book entitled «Martin Heidegger's Impact on Psychotherapy», which will be the topic of the current forum. In this book, Condrau describes the development of Daseinsanalysis via Ludwig Binswanger and Medard Boss under the strong influence of Martin Heidegger. With this and many other books, Condrau has made an enormous contribution to the development and international perception of Daseinsanalysis, which is why this forum is also dedicated to him personally.

Gion Condrau (1919 – 2006)

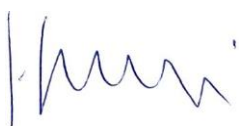

Exactly 25 years after the book was published, we want to ask ourselves again what influence Heidegger has on today's psychotherapy. In the meantime, Heidegger's philosophy has also influenced other psychotherapeutic directions and schools. At regular intervals, Heidegger's thinking is fundamentally criticized and condemned - daseinsanalytic psychotherapists also have to deal with this.

In this forum, however, we want to take a closer look at which specific thoughts and insights of Heidegger's are relevant to our psychotherapeutic work and why. Here, too, there are different views and attitudes within Daseinsanalysis, which lead to discussions. This forum would therefore like to be a real "forum" for discussions on content and enable an exchange for the international daseinsanalytical societies.

Basically, the question of what psychotherapy is can only be answered «on the basis of philosophical insight into what the essence of human being is» (G. Condrau).

I look forward to welcoming you all to Zurich in June.

Kind regards

Prof. Josef Jenewein, Vice-President IFDA
